PILLATON PLAYING FIELD – NEW PROJECT FOR REPLACEMENT ACTIVITY CENTRE

The Pillaton Playing Field Support Group (PFSG) has been re-formed once more in order to obtain a replacement to the 25 year old younger children's wooden activity centre. The PFSG is a joint Parish Council and Village Hall CIO Committee venture, originally formed in 2020 to obtain funding for new swings and a zip wire after the condemning of the existing ones – successfully raising about £40,000 in several phases and purchased further new equipment over three years.

The target for obtaining the new activity centre is to purchase and install the selected equipment by Summer 2026. Pillaton Village Hall has already contributed funds of over £2000, and new fund raising activities are planned. Grant applications are expected to be initiated in early 2026. In the meantime any donations will be gratefully received.

So, the PFSG – currently, Peter Johnson (Chairman), Chris Ley, Ivan and Sarah Bunkum, and Trina West (co-opted) seek your support and donations.

Thank you – we look forward to hearing from you.
