

Four St Mellion School Photographs, ca 1950

Further photographs of St Mellion C. P. School have been sent to us by Dave Joslin. They range in dates from ca 1948 to 1953. Although St Mellion is outside our parish, there is often an overlap in activities and sharing of resources between us which seems a good enough reason to include these photographs here.

Names for many of those shown were given in hand-writing on the reverse of the photograph. These have been listed in the corresponding sections below. If you can fill in the gaps or correct any errors, please contact the website using the link at bottom of any page.

Our thanks to Dave for locating these images and sending them for us to enjoy.
